FortWhyte Alive is a nature reserve built upon a reclaimed industrial site within Winnipeg's city limits

Bishop Vital Grandin
 1829 - 1902

Bishop Grandin was an important figure in the history of the Red River Settlement. Both St. Vital and Bishop Grandin Boulevard were named in his honour. An Oblate father born and trained in France, Bishop Grandin served in the settlement between 1854 and 1871. In 1859 he was consecrated as bishop of St. Boniface.

Introducing the Bishop Grandin Greenway Inc.

Bishop Grandin Greenway Inc. is a community based non-profit organization. Its intent is to try to create, enhance, and conserve an accessible network of nature areas and public pathways that link and support both human and wildlife communities along Bishop Grandin Boulevard. BGGI's goal is to link citizens, community and nature while increasing awareness, appreciation, and knowledge of the area's natural and historical value. BGGI is currently working on creating a continuous trail, and mini trails, which will facilitate recreation activities and remain universally accessible to people of all ages. BGGI hopes that their involvement in the area will provide an opportunity for the community to enjoy healthy active lifestyles along the Greenway in balance with the preservation of native species and natural areas. BGGI works in partnership with Manitoba Hydro and the City of Winnipeg.

Wildflowers growing along the corridor

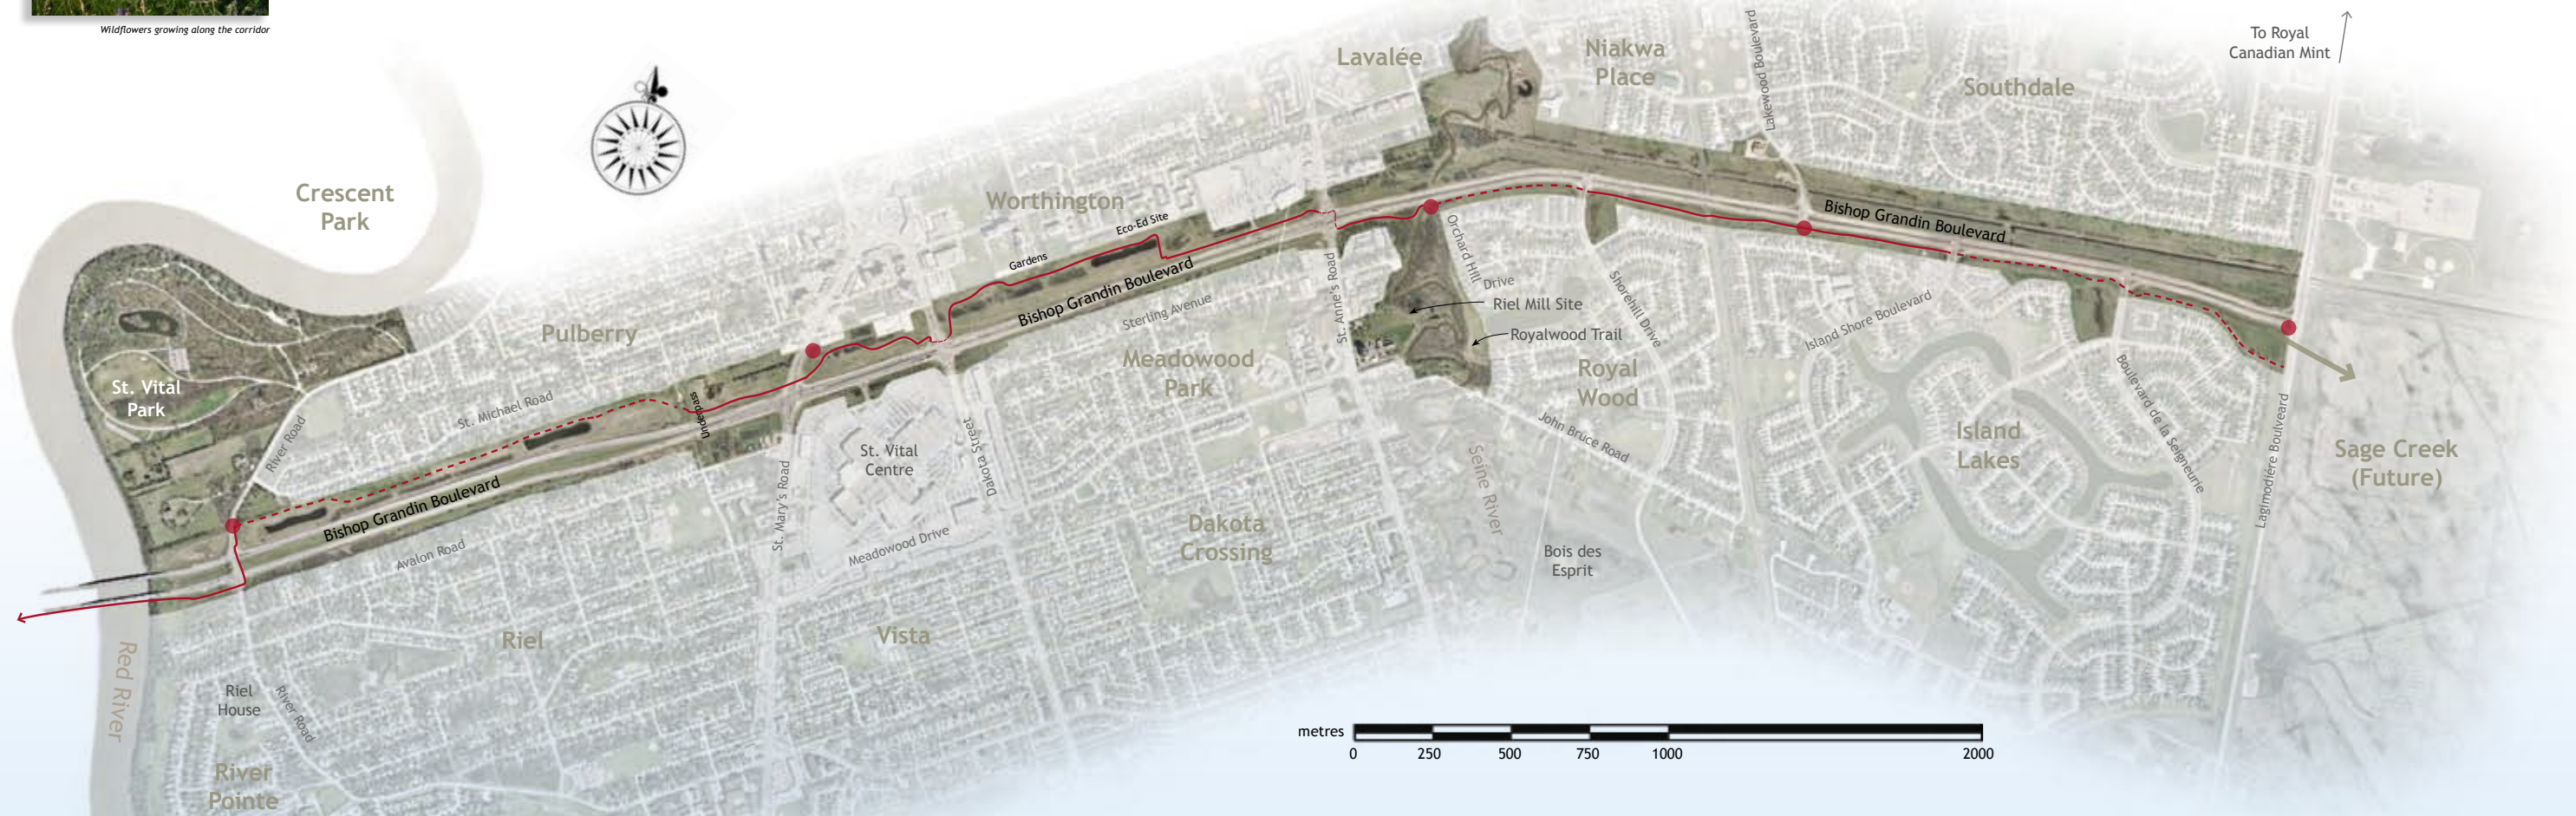

Marshes along the Greenway help users to appreciate the biodiversity of the corridor
